VISION

Palisades School District is a community of learners. Working collaboratively, we will provide a safe, enriching environment wherein all students can achieve academic excellence and demonstrate leadership.

Dear Parents and Students,

It is our pleasure to welcome you to the 2023-2024 school year at Palisades Middle School (PALMS). PALMS is committed to making your middle school experience positive and memorable. At PALMS we have grade level teams which help us meet the developmental needs of the middle level learner. You will have an opportunity to gain independence and participate in new academic experiences such as family consumer science, computer technologies, technology education, and personal growth in our daily mentoring program.

The purpose of this handbook is to guide you through building procedures, attendance, academic and behavioral expectations as well as offer a reference for daily operations.

Working together we will make this school year one of growth and achievement for all students. We are dedicated to and take great pride in creating an educational atmosphere where students can learn in a safe, caring, and creative environment.

Please feel free to contact us at any time through email or a personal phone call at 610-847-5131.

ATTENDANCE

Pennsylvania Law [24 PS 13-1327; 1333; 1338-1; 2016 Act 138](#) requires students attend school regularly, arrive promptly, and remain in school until dismissal time. **Schools are responsible for the accounting and enforcement of this regulation, therefore please refer to the chart on the following page which outlines requirements and actions taken by the school in regard to student absences including partial days (tardy/post-tardy incidents).**

ARRIVAL

- Students may not be dropped off prior to 7:05 a.m.
- School starts promptly at 7:32 a.m. Students must be seated in their homerooms by 7:32 a.m.
- Students must report to homeroom and check-in with their teachers prior to going to any activity. Failure to do so may result in the student being marked absent for the day and disciplinary consequences assigned.
- Late arrival (tardy): Any student who arrives after 7:32 a.m. is considered tardy. For safety purposes, he/she must report directly to the Student Office prior to going anywhere else in the school to sign in and receive an entrance pass. A note from the student's doctor/dentist is required in order for the incident to be excused. Otherwise, a written and signed note from the student's legal parent/guardian that states the reason why the student is tardy is needed. Late arrivals without a note are unexcused. **Failure to sign in at the student office upon arrival when tardy may result in the student being marked absent for the day.**
- Parents—automated calls/messages will go out to parents, if your child was marked absent during homeroom as his/her attendance record has not been changed yet to reflect the late arrival.

ABSENCES

- Absence Excuses: Written excuses by the student's parent/legal guardian are required for each absence including those absences that were reported by telephone via the absence reporting line. **Excuses must be submitted to the Student Office within three school days of the student's return to school in order to be marked excused.** Separate notes must be written for siblings as they have separate files. Reasons for excused absences include illness, quarantine, death in the immediate family, religious holidays, health care, and home emergencies directly related to the student. Absences for which the school does not receive a written excuse within three school days of the student's return to school will be marked unexcused.
- Four or More Consecutive Days Absent: A note signed by a licensed physician is required upon return to school unless such absences had been previously approved by a PALMS administrator.
- Palisades Cyber Academy Attendance: See Appendix G on p. 32
- Doctor notes must state that the student was too ill to attend school and that the student was seen by the doctor for medical treatment on the date of the absence.

Absence Reporting Line: Parents should call **610-847-5131, ext. 1305**, before 7:15 a.m. to report their child's absence (leave a message). The child's name, grade, reason for absence, date, and the name of the person leaving the message must be stated. Please note, even though you reported your child absent, you will receive the automated notification which tells you that your child was marked absent during homeroom.

Educational Trips/Day Trips (non-school sponsored):

Pre-approval from administration is required. Parents must notify the Student Office in writing ten (10) days prior to an anticipated absence. Days taken without pre-approval are considered unexcused. It is the student's responsibility to see that all make-up work is obtained from his/her teachers and completed. The due date is at the teacher's discretion. Please complete and submit (to the student office) the absence preapproval form which is available on the district website.

Unexcused/Illegal Absences: Reasons include truancy, employment, oversleeping, missing the bus, babysitting, visiting relatives, working at home, vacation/recreational activities (without prior approval), shopping, and staying home to do school work.

ATTENDANCE CONTINUED FROM PREVIOUS PAGE

LEAVING PRIOR TO DISMISSAL TIME (The regular school day ends at 2:32 p.m.)

- Leaving Early (Post-Tardy): Advance written notification, signed by the parent/legal guardian, is required whenever a student will leave prior to dismissal time. Students will not be allowed to leave the building with anyone other than a parent or legal guardian unless the school receives a written note which is signed by the parent/legal guardian that authorizes dismissal. In addition to being signed, **early dismissal notes must include the date, student's name (first and last), grade, reason for leaving, and the name of the individual to whom the student is permitted to be released.** All occurrences of leaving before dismissal time, but not missing more than a half-day of school, will be recorded as post-tardy. A note from the student's doctor/dentist is required in order for the incident to be excused.
- Students should bring early dismissal (post-tardy) notes to the Student Office during homeroom/resource period on the day the student will be leaving early. The student will be given an early dismissal pass. This pass permits him/her to leave class at the designated time, go to the Student Office to officially sign out, and report to the lobby outside of the Main Office to meet his/her parents.
- **In the event that a student needs to leave school early for unforeseen reasons (where written notification was not given to the school in advance); parents must meet the student in the Main Office, write a note for the student's file and sign the student out prior to leaving the building.**
- Early dismissals due to illness will only be excused when the school nurse sends a student home. Students who feel ill should go to the school nurse. Students are not to contact parents on their own to leave school due to illness. Such incidents will be marked unexcused.
- Leaving and then returning to school on the same day: Whenever a student returns to school after an appointment, the student must report directly to the Student Office to sign in. A note from the doctor/dentist should be submitted at that time. An entrance pass will then be given to the student.

ACADEMIC DISHONESTY (CHEATING/PLAGIARISM)

Cheating, in any form, is unacceptable behavior. Students found to be cheating on tests, quizzes, projects, copying homework or any written work will not receive credit for that assignment. Plagiarism of any type (including electronic) is considered a form of cheating. Teachers will notify parents and the school administrators of any incidents of cheating. Additionally, teachers (team policy) or an administrator will determine and relay consequences. In order to meet course requirements, students will still be required to complete the assignment. Along with academic consequences, disciplinary consequences may be assigned.

ATHLETICS & ELIGIBILITY

Palisades School District is a member of the Colonial League of the Pennsylvania Interscholastic Athletic Association (also known as the PIAA). PIAA sports opportunities in Basketball, Cross Country, Soccer, Cheerleading, Field Hockey, Football, Softball, Track & Field, and Wrestling are offered to students in grades 7 and 8.

- Students who participate in PIAA middle school sports are required to develop athletic skills, and meet academic, behavioral, and attendance eligibility requirements. Teachers will evaluate the academic eligibility of team members every week during the athletic season. A student who has a failing grade in more than one course will be deemed “academically ineligible” to participate. This means that the student will be suspended from game participation during the ineligibility period.
- **Athletes are to read the policy pertaining to drug/alcohol use in the Student-Athlete Interscholastic Athletic Handbook available online via the Palisades District Home Page under the Athletics tab.**
- **School attendance on same date as evening events and extra-curricular activities: In order to take part in any after-school event (including sports), students must arrive to school before 11 a.m. on the day of the event. Students who arrive late without a signed excuse from a medical doctor/dentist can be denied participation in evening events or extra-curricular activities on that day.**
- Students will be given the opportunity to purchase insurance at the beginning of the school year. Please see the “Insurance” section of this booklet.

ATHLETIC PERMISSION/PHYSICAL FORM: Student participants in interscholastic sports must meet the following requirements:

- Completion, submission to the student office, and clearance of the PIAA CIPPE (Pennsylvania Interscholastic Athletic Association Comprehensive Initial Pre-Participation Physical Evaluation) form. **The only form that is acceptable for physician and parent completion is entitled “PIAA Comprehensive Initial Pre-Participation Physical Evaluation or CIPPE.” The current and only version which is acceptable this school year** may be obtained through the District’s website *MySchoolBucks*, or may be picked up from the Athletic Office at Palisades High School or the Student Office at PALMS. **No earlier versions of this form are acceptable.**
- A comprehensive physical examination form (section six of the current PIAA form) which clears the student for participation in a particular sport must be completed by a licensed medical practitioner no earlier than June 1 of the same calendar year that the current school year has begun. No other versions or types of this form are acceptable.
- Parental consent must be given via completion of the current PIAA CIPPE form; and all paperwork must be completed, signed, dated and submitted to the student office for review and approval before students are permitted to try out and/or practice.

BACKPACKS, BOOKBAGS

Upon arrival to school, all backpacks, bookbags, or bags large enough to carry books can be placed in lockers and remain there until the end of the school day. Students are also permitted to carry their bags with them throughout the day to access needed materials.

BREAKFAST

Breakfast will be available for purchase by students each day from 7:15 to 8:05 a.m. Students who arrive to school prior to 7:25 a.m. should purchase their breakfast then report to and remain at a designated table until they are dismissed to their homerooms by supervising teachers. Students who arrive to school after 7:32 a.m. must first report to the student office to sign in. If breakfast is still being served, it may be purchased before the student proceeds to homeroom with his/her late pass. Breakfast may be eaten in homeroom.

BUS PASSES

Palisades Middle School does not approve notes from parents for students to ride on another bus. All students must ride on their assigned bus route. All requests for a different bus must come from a parent and be related to an emergency situation. Building administration or the Director of Transportation must approve the bus change.

BULLYING/CYBERBULLYING

- See [Appendix F](#)

CAFETERIA/LUNCH

Students are to follow the cafeteria specific rules and common rules of respect, courtesy, and consideration (for staff, students, and the building). They must listen to and respect the adults in charge, listen quietly when announcements are being made, respect the personal space of others (keep hands and feet to themselves), dispose of trash in the proper containers, and remind others of the rules when they observe that the rules are not being followed. Failure to follow cafeteria and common rules may result in consequences.

Students are expected to report to the cafeteria on time. Upon entering the cafeteria, students should sit in their seats. They will be directed to the appropriate food service line when it is time to do so. After purchasing lunch, snacks, and/or drinks, students are to report to and remain at their table.

- Every student at a table is responsible for the cleanliness of that table.
- Food, food/beverage containers, etc., should not be thrown.
- Students are to remain in the cafeteria for the entire period unless they have a *written* pass from a teacher.
- No food or drink is permitted outside the cafeteria, unless otherwise permitted by school administration. Any food or drink found outside of the cafeteria may be confiscated and discarded.
- Students may be permitted to eat outside in a designated area at the discretion of the adult in charge of the cafeteria. The expectations outside of the cafeteria remain the same as those that are for indoor eating.

CALCULATOR USE POLICY

The National and State Standards for teaching mathematics include a provision that calculators must be used in the classroom. The math department recognizes the importance of this component to enhance student learning and performance. Calculators are brought into the classroom to extend learning after students have demonstrated their knowledge of basic skills and concepts. It is our goal that students recognize when to use calculators as an appropriate supplement to mental computation skills and not as a replacement for them.

CELL PHONE POLICY

Cell phones and other electronic devices offer great potential as learning tools. Palisades Middle School permits the use of electronic devices for classroom use at the discretion of the teacher and must be used for educational purposes. **Electronic devices must remain away and silenced from 7:32 a.m. until 2:32 p.m. unless otherwise directed by the teacher.** The Board prohibits the use of electronic devices in locker rooms, bathrooms, health suites and other changing areas at any time. If students are observed using their device without permission the device may be confiscated. Any student who abuses this privilege will be subject to disciplinary consequences.

COMPUTERS

The Palisades School District uses computers and computer related resources to enhance its mission to teach skills, knowledge, and behaviors students will need as successful and responsible adults in the community as a whole. In order to make these resources available to everyone, the District expects that individuals who use the school's computers will do so in a way that is consistent with its educational mission and acceptable use guidelines. Palisades uses a software program called Go Guardian, this tool is designed to help teachers manage Chromebook usage in their classrooms and monitor student activity on the device. An additional goal of the tool is to help keep students on-task and away from inappropriate content. Chromebook usage is shared with administrators and teachers to protect students and keep them safe.

The following rules must also be followed:

- Only the Technology Coordinator/Technology staff or appointed persons will run or install a program on any of the District's systems.
- Everyone will respect and uphold copyright laws.
- Everyone will respect the computer equipment and the software.
- Everyone will use the login name assigned to him or her by the Technology Coordinator.
- No one should try to obtain a password for another login name.
- Everyone will access only educationally appropriate materials.
- Sending/receiving annoying, threatening, libelous, sexually, racially or religiously offensive messages through electronic means is prohibited.
- Rights of others should be observed in relation to the privacy of the files stored on a computer or on a disk. Students should not be viewing, altering or damaging files without the owner's permission.
- Anyone who witnesses the inappropriate use of a computer on school property is held responsible to immediately report the incident.
- Please see Appendices E, E1, E2 - school board policy regarding use of technology and personal devices.

COURSE CHALLENGE POLICY

Consideration will be given to requests from parents that their child be given the opportunity to challenge a course when it is acknowledged by the teacher, counselor, and principal that such is in the best interest of the student. Challenging a course refers to the process of a student testing out of a class by taking and passing the final exam in that course at a proficiency rate of 80% or above. Information about procedural stipulations, courses available for challenge, timelines, exceptions, etc., may be obtained from the guidance counselor.

DAILY SCHEDULE (SEE NEXT PAGE)

DEBTS

School board policy charges each student with the responsibility for the proper care of school property and the school supplies and equipment entrusted to his/her use (e.g. textbooks, library books, etc.). Lost, unreturned, or significantly damaged school resources will result in a student incurred debt. Disciplinary action may be warranted, if the debt remains unpaid.

DETENTION

Individual teachers may assign detention for misbehavior and/or missed work in the classroom. Administrative detentions generally take place during lunch periods, after school on Tuesday or Thursday (until 4:30 p.m.), or on Saturdays (8:00 to 10:00 AM or 11:00 AM). A student's failure to report to an assigned detention will result in a more significant consequence. Any misbehavior during a detention will result in a more significant consequence.

DISCIPLINE

Teachers and their students develop classroom expectation lists. If a student does not meet the expectations, he/she may be asked to reflect on his/her behavior and change it by going to a designated area within the classroom. If inappropriate behavior continues, the student will be sent to a "buddy teacher's" classroom where he/she will stay for the remainder of the period. Continued infractions will result in a referral to the Assistant Principal. Acts which result in violence that pose a direct threat to the safety of others in the school, destruction of property, and/or the possession, use, or transfer of dangerous weapons are in violation of School Board policy and state law. The State Police may be notified in such circumstances.

DRESS CODE

Be mindful of the dress code expectations when choosing clothing. Personal appearance and cleanliness should reflect sensitivity to and a respect for others. The dress code is in place to support a positive, safe and healthy environment, and to prevent disruption of the educational process. Specifically:

- Jackets/coats may not be worn inside the building and must be placed in lockers at the start of the school day.
- No hats, hoods, or headgear are to be worn during the day except with a written medical directive.
- Pajamas of any type (tops and/or bottoms, night gowns, onesies, long underwear worn as outerwear, etc.) are not permitted.
- Sagging pants or low-cut pants that expose undergarments or body parts are not allowed.
- Garments exposing cleavage, stomach, buttocks and open back are prohibited. All clothing should be of such a length so that no undergarments or private body parts are exposed whether standing, sitting or bending. Skirts, skorts, dresses, shorts, etc. should be no more than six inches above the knees (mid-thigh).
- Garments with profanities, lewd suggestions or graphics, offensive language or pictures, and/or drug/alcohol related trademarks/slogans or prints are not permitted.
- "Muscle shirts," spaghetti straps, see through or mesh shirts, strapless shirts, backless shirts, open back shirts, and/or shirts that expose undergarments or private body parts are not permitted.
- Jewelry, wallet chains, clothing, articles deemed excessive, offensive, or gang-related (e.g., promoting weapons) are not be permitted. This includes jewelry, clothing, articles that could distract the educational process, or which could be a safety or health issue.
- Sunglasses may not be worn in school during school hours except with a written medical directive.
- Footwear must be worn at all times, however, footwear with wheels is not permitted.

The administrative team reserves the right to deem an article of clothing inappropriate based on safety, distraction, and/or because it may cause property damage. Dress code violations will incur a request to change clothing (wear a gym suit) and/or to remove the objectionable item. Repeated violations will result in parent notification and possible further disciplinary action.

DRUG AND ALCOHOL PROCEDURES

Use or possession of illegal drugs (including "look-alike" drugs) or alcohol is prohibited on school property or at school-related events/ trips. First offenses will result in an out-of-school suspension (up to ten days) and participation in a drug/alcohol assessment administered by the Bucks County Council on Alcoholism (BCCA) before the student can be readmitted to school. A second offense will result in the student being referred to the Superintendent for possible expulsion. Students apprehended for selling or transferring controlled substances are subject to immediate expulsion. The Pennsylvania State Police are notified in **ALL** cases. (See [Appendix A](#) for the complete *Controlled Substances Policy*)

EVENT ATTENDANCE AND COURTESY POLICY

- Assemblies/events provide instruction, entertainment, and an opportunity for students to develop poise and confidence through participation in programs. Attendance at all events, either as a participant or as a spectator is a privilege that comes with the responsibility of individuals maintaining acceptable behavior. Students should enter the auditorium in a quiet and orderly manner.
- Immediate attention is required whenever a speaker stands before the group and raises his/her hand.
- Students who fail to behave in an acceptable manner during a special event will be removed from the program, and may be denied attendance privileges at special events for the remainder of the school year as well as other disciplinary action.
- Students wishing to stay after for an athletic event must submit a signed/written note from their parent/legal guardian and approved by administration, or the student must be accompanied by a parent/legal guardian during the event. If while at the event, the student is to be in the care of someone other than the parent/legal guardian, the note should include the name of the adult with whom the student has permission to stay with.

EXTRACURRICULAR & AFTER SCHOOL ACTIVITIES

In order to participate in extracurricular activities students must meet the same academic, attendance, and behavioral eligibility criteria as those who participate in middle school athletics. A student receiving a failing grade in more than one course will be deemed “academically ineligible” to participate. This means that the student will be prohibited from competition in such activities until subsequent elimination of the failing grade(s). Extracurricular activities include but are not limited to musical performances, art club, ski club, socials, television studio, etc.

- School attendance on same date as evening events and extracurricular activities: In order to take part in any after-school event (including dances, sports, ski club), students must arrive at school on time the day of the event. Students who arrive late without a signed excuse from a medical doctor/dentist may not participate in evening events or extracurricular activities on that date. Attendance at MTS & Homework Club are exceptions to this rule.
- Teen Night Out: Students are not permitted to arrive after the doors are locked (approximately 30 minutes after start time), nor are they allowed to leave the building during school socials or dances. If a student leaves the building they will not be allowed to continue to participate in the event, and their parents will be contacted to pick them up. The administration reserves the right to exclude (from attending future events) any student who is not picked up within 15 minutes of the advertised conclusion of the event.

FOREIGN LANGUAGE

At the end of 7th grade, students are recommended for either a Foreign Language or Reading in 8th grade. Students who have not been recommended to take a language in 8th grade will still have the opportunity to pursue foreign language study in 9th grade. The Language Arts and World Language departments together have established the following criteria to determine which students are ready to take a foreign language and which students would benefit from taking another year of reading:

1. A score of proficient or better on the 5th and 6th grade PSSA Reading test.
2. A score of proficient or better on the 7th grade Measure of Academic Progress (MAP) Reading tests.
3. The student is on or above grade level, with appropriate fluency and accuracy, as evidenced by teacher observation, CBAs, & quarterly assessments.

FORGOTTEN ITEMS

- Parents are asked to discourage their children from making a habit of having someone bring forgotten items to school for them.
- Parents must bring identification with them so they can be admitted into the building.
- Items should be clearly labeled with the student's name and grade. They can be left on the table provided in the entranceway. The school is not responsible for items left for students, and students are responsible to pick up items. The secretaries will not call/locate students to retrieve items.

GPA calculations are determined quarterly, using our student management grading software. In order to hand-calculate GPAs, the course credit must be used as a divisor. Keep in mind that cumulative YTD GPAs are determined as “years-to-date” and are cumulative beginning on the student’s first grading period they were enrolled at PALMS.

Core Subjects = 1.00 credit

Performing Arts (music) = 0.50 credit

Wellness & Fitness = 0.50 credit

Exploratory subjects = 0.25 credit

GPAs are calculated using total quality points multiplied by the allotted credits for weighted credit divided by total credit

Example:

Reading, B = 3.0×1.00 allotted credit = 3.0 weighted credits

Computer, B = 3.0×0.25 allotted credit = 0.75 weighted credits

(3.0 + 0.75 weighted credits) divided by 1.25 total credits = 3.0 GPA

Honor Roll criteria:

- **Distinguished Honors:** all A’s
- **Honors:** any combination of A’s B’s, or C’s with a GPA of 3.6 and no D’s or F’s

GUIDANCE SERVICES

The guidance and counseling services include orientation for new students, an organized testing program, individual counseling, group guidance activities, student conflict resolution through restorative circles, academic assistance through the Instructional Support Team, and continuation of a cumulative record for each pupil. Students may request to see the counselor by scheduling an appointment.

GYM SUITS

Gym suits are required for physical education classes. They consist of a white gym shirt and black gym shorts. These articles of clothing can be purchased from the school store. Gym shirts are mandatory and the cost is \$7.00 per shirt. Gym shorts are available for purchase and the cost is \$14.00 per pair. With prior approval from the gym teacher, black shorts other than gym uniform shorts may be worn for physical education class.

No medication shall be administered to any student without proper completion of the *Palisades Medication Dispensing Form*. Completion of the medication dispensing form requires signatures of both the parent/guardian and the physician. A separate form must be used for each medication and be specific as to dosage, e.g., Tylenol, Extra Strength Tylenol, etc. **Any medication which is to be administered by school personnel must be delivered directly to the nurse before homeroom. Medication must be brought to school by the parent/guardian in the original, properly labeled container.**

HOMEBOUND INSTRUCTION

Upon the recommendation of a licensed physician and the completion of the form "Physicians Report for Homebound Instruction," homebound instruction totaling five hours per week may begin. Forms and further information are available in the guidance office. NOTE: A parent/legal guardian must be present during the period of time the homebound instructor is in the home. **Parents—please note that you may receive automated calls/messages which state that your child was marked absent from homeroom as the daily attendance code on their record may not have been changed prior to the automated activity. If so, please disregard the automated call.**

HOMEWORK

Homework is considered an important part of the grading process, should be taken seriously, and always completed. A failing grade may be the result of work not made up after two weeks. Students are encouraged to write down their homework assignments in their assignment books. Student's should check their teacher's Canvas pages everyday for homework information.

It is the student's responsibility to contact teachers to make arrangements to make up work that is missed for any reason. Teachers need at least 24 hours notice before work can be available for parent pick up in the Main Office. Parents, please use your child's Canvas courses and communicate with their teachers for assignments when your child is absent. If your child is absent more than 3 days, please use the *team voicemail* to make homework arrangements.

INSURANCE

The Board shall provide parents/guardians the opportunity to purchase Voluntary Participation Student Accident Insurance Plan coverage. At the onset of the school year, the informational flyer and letter is given to each student. The enrollment period ends by the date specified in the flyer (very early in the current school year). LATE TO CLASS

All students are expected to be on time, seated and ready to learn in their classes (including homeroom/resource periods). Sufficient time is allowed for students to move from class to class. An initial lateness will result in the student being issued a warning. Each subsequent late to class can result in a teacher-issued detention. Repeated lateness to class (more than 3) may be reported to the Assistant Principal for administrative action.

LIBRARY

Students must have a pass from a teacher in order to visit the library. It is open during school hours. Students may not use the library outside of the school day unless they have permission from the librarian.

- The school will not be responsible for the loss of any personal items, and students are urged to not bring highly valuable items to school.
- Problems with lockers should be reported immediately to the homeroom teacher.
- Any abuse of school lockers (including leaving perishable food in a locker for an extended period of time) will be considered vandalism.

LOST AND FOUND

- Student possessions should be clearly marked with their name.
- All lost clothing items, notebooks, shoes, etc. are placed on a rack outside the cafeteria.

MEDICATION PROCEDURES

See [Appendix K](#), page 40

MESSAGES FOR STUDENTS FROM PARENTS

- In an effort to preserve the educational process, messages should be kept to a minimum.
- Interruption of a class affects the entire class and the learning process, therefore, classes will not be interrupted for parent phone calls unless it is an extreme emergency.
- Parents should make every effort to communicate with their children before they come to school.
- Remember—It is very difficult to get messages to students near to or at dismissal time, and may be unsuccessful.

NATIONAL JUNIOR HONOR SOCIETY (NJHS)

Membership in the NJHS is an honor bestowed on students who have demonstrated outstanding scholarship, character, leadership, service, and citizenship. Students who have been selected by a faculty council are expected to continue to maintain these high standards. Students who have attended PALMS a minimum of three semesters, have demonstrated an impeccable discipline record (no suspensions), and who have achieved a cumulative grade point average of 3.75 or higher are eligible to apply for NJHS membership.

PASSES (SMARTPASS)

Students must have a pass when going anywhere in the building during school hours (including homeroom or resource period) unless it is during the time allotted to move from one of their classes to another. PALMS uses an electronic hall pass program called SMARTPASS. SMARTPASS is accessed directly through each students' individual chromebook, and is set up for their individual use. Teachers manage SMARTPASS from their classroom dashboards. Students should use the kiosk chromebook to sign-out using SMARTPASS from the cafeteria. Students are responsible for reporting directly to the location designated in SMARTPASS. Students without a pass will be escorted back to their assigned area. Repeated offenses may result in disciplinary action.

PERSONAL PROPERTY

Valuables should not be brought to school. Students should lock personal property in their lockers while at gym, and/or during the school day, and/or during after-school activities. Property should not be left on benches, in front of classroom doors, or in any other place in the school that has not been designated for such purposes. **The school is not responsible for the loss/damage of personal articles.**

- The administration reserves the right to restrict students from attending school trips, school events, and school sponsored activities, etc.

SCHEDULE / COURSE CHANGES

Requests for changes to a schedule or to add/delete a course will be considered only during the first two weeks of a course. Consideration will be given to such requests from students or parents when these changes are in the best interest of the student. Changes will only be made for the following reasons:

- Correction of a human or computer error.
- Addition of a replacement course (must be approved by teacher, counselor, and principal).
- Deletion of a course (must be approved by teacher, counselor, and principal).
- Complete change of program

The procedure for students requesting approval to change their schedule or to add/ delete a course is:

- The parent initiates a conference with subject area teacher and counselor to discuss the advisability of the action.
- The counselor submits a recommendation to the principal for a decision based on the best interests of the child.

Students who engage in unprotected student expression or fail to secure advance permission from the building principal or designee shall be subject to disciplinary action in a degree which is consistent with the nature of the offense.

STUDENT SEARCHES

Only school district administrators who have been trained in: Board Policy No. 226, administrative regulations, and applicable legal standards may conduct searches. In cases when the administrator conducting the search is of the opposite gender of the student, a staff member of the same gender will be present. Building principals and/or their designees will ensure that parents and/or guardians are notified at least annually of the contents of Board Policy No. 226. Under no circumstances shall any school district employee conduct a search that requires a student to remove clothing other than jackets, coats or other outerwear. Additionally, searches involving examination beneath undergarments shall not be conducted. If there is reasonable suspicion that contraband is contained beneath such garments, local law enforcement will be contacted immediately. School district employees are not required to obtain permission from a student's parent and/or guardian prior to conducting a search. Such threats include but are not limited to the possession of: weapons, drugs or drug paraphernalia, stolen property, pornographic or other inappropriate material.

It is impossible to predict every situation when a threat to the health, safety or welfare of a student or the school population may exist. School district administrators are expected to refer to their training when determining if a search is necessary and to confer with the Superintendent or designee, if uncertainty exists regarding the necessity of a search.

STUDENT SUPPORT TEAM (SST)

The SST is designed to meet the needs of any student who is having difficulty in school. In partnership with families, the goal of the program is to remove barriers to learning and promote student success.

The student, parent(s), school administrator(s), and other relevant staff members will take part in the conference. The conference can be held prior to the start of, during, or at the conclusion of the suspension period.

This policy and the Code of Student Conduct also apply to student behavior that occurs at other times and places ("off-campus") when:

1. The conduct involves, threatens or makes more likely violence, use of force or other serious harm directed at students, staff or the school environment;
2. The conduct materially and substantially disrupts or interferes with the school environment or the educational process, such as school activities, school work, discipline, safety and order on school property or at school functions;
3. The conduct interferes with or threatens to interfere with the rights of students or school staff or the safe and orderly operation of the schools and their programs;
4. The conduct involves the theft or vandalism of school property; or
5. The proximity, timing or motive for the conduct in question or other factors pertaining to the conduct otherwise establish a direct connection to attendance at school, to the school community, or to a school-sponsored activity. This would include, for example, but not be limited to, conduct that would violate the Code of Student Conduct if it occurred in school that is committed in furtherance of a plan made or agreed to in school, or acts of vandalism directed at the property of school staff because of their status as school staff.

APPENDIX A CONTROLLED SUBSTANCES/PARAPHERNALIA *(Board Policy #227-revised 6/1/22)* **Continued**

Delegation of Responsibility:

The Superintendent or designee shall develop administrative regulations to identify and control substance abuse in the schools which: 1. Establish procedures to deal with students suspected of using, possessing, being under the influence, or distributing controlled substances in school. 2. Disseminate to students, parents/guardians and staff the Board policy and administrative regulations governing student abuse of controlled substances. 3. Provide education concerning the dangers of abusing controlled substances. 4. Establish procedures for education and readmission to school of students convicted of offenses involving controlled substances.

Guidelines

Violations of this policy may result in disciplinary action up to and including expulsion and referral for prosecution.

The Superintendent or designee shall immediately report required incidents and may report discretionary incidents involving possession, use or sale of controlled substances on school property, at any school-sponsored activity or on a conveyance providing transportation to or from a school or school-sponsored activity to the local police department that has jurisdiction over the school's property, in accordance with state law and regulations, the procedures set forth in the memorandum of understanding with local law enforcement and Board policies.

The Superintendent or designee shall document attempts made to reach the parent/guardian.

In accordance with state law, the Superintendent shall annually, by July 31, report all incidents of possession, use or sale of controlled substances to the Office for Safe Schools.

In all cases involving students and controlled substances, the need to protect the school community from undue harm and exposure to drugs shall be recognized.

No student may be admitted to a program that seeks to identify and rehabilitate the potential abuser without the intelligent, voluntary and aware consent of the student and parent/guardian.

Anabolic Steroids and PEDS

The Board prohibits the use of anabolic steroids and PEDs by students involved in school-related athletics, except for a valid medical purpose. Body building and muscle enhancement, increasing muscle bulk or strength, or the enhancement of athletic ability are not valid medical purposes. Human Growth Hormone (HGH) shall not be included as an anabolic steroid.

Students shall be made aware annually of the dangers of steroid and PED use; that anabolic steroids are classified as controlled substances; and that their use, unauthorized possession, purchase, or sale could subject students to suspension, expulsion and/or criminal prosecution.

Reasonable Suspicion/Testing

If based on the student's behavior, medical symptoms, vital signs or other observable factors, the building principal has reasonable suspicion that the student is under the influence of a controlled substance, the student may be required to submit to drug or alcohol testing. The testing may include but is not limited to the analysis of blood, urine, saliva, or the administration of a Breathalyzer test.

APPENDIX B

DISCRIMINATION/HARASSMENT *(from Board Policy#103– Revised 3/3/2021)*

Lou deFonteny is the district compliance officer, ext. 4009. His office is at 39 Thomas Free Drive, Kintnersville, PA 18930.

Authority

The Board declares it to be the policy of this district to provide an equal opportunity for all students to achieve their maximum potential through the programs and activities offered in the schools without discrimination on the basis of race, color, age, creed, religion, sex, sexual orientation, ancestry, national origin, marital status, pregnancy or handicap/disability.

The Board also declares it to be the policy of this district to comply with federal law and regulations under Title IX prohibiting sexual harassment, which is a form of unlawful discrimination on the basis of sex. Such discrimination shall be referred to throughout this policy as Title IX sexual harassment. Inquiries regarding the application of Title IX to the district may be referred to the Title IX Coordinator, to the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

The district is committed to the maintenance of a safe, positive learning environment for all students that is free from discrimination by providing all students course offerings, counseling, assistance, services, employment, athletics and extracurricular activities without any form of discrimination, including Title IX sexual harassment. Discrimination is inconsistent with the rights of students and the educational and programmatic goals of the district and is prohibited at or, in the course of, district-sponsored programs or activities, including transportation to or from school or school-sponsored activities.

Violations of this policy, including acts of retaliation as described in this policy, or knowingly providing false information, may result in disciplinary consequences under applicable Board policy and procedures.

The Board directs that the foregoing statement of Board policy be included in each student and staff handbook, and that this policy and related documents be posted to the district's website.

The Board requires a notice stating that the district does not discriminate in any manner, including Title IX sexual harassment, in any district education program or activity, to be issued to all students, parents/guardians, employment applicants, employees and all unions or professional organizations holding collective bargaining or professional agreements with the district. All discrimination notices and information shall include the title, office address, telephone number and email address of the individual(s) designated as the Compliance Officer and Title IX Coordinator.

Reports of Title IX Sexual Harassment and Other Discrimination and Retaliation

The Board encourages students and third parties who believe they or others have been subject to Title IX sexual harassment, other discrimination or retaliation to promptly report such incidents to the building principal, even if some elements of the related incident took place or originated away from school grounds, school activities or school conveyances. A person who is not an intended victim or target of discrimination but is adversely affected by the offensive conduct may file a report of discrimination.

The student's parents/guardians or any other person with knowledge of conduct that may violate this policy is encouraged to immediately report the matter to the building principal.

A school employee who suspects or is notified that a student has been subject to conduct that constitutes a violation of this policy shall immediately report the incident to the building principal, as well as properly making any mandatory police or child protective services reports required by law.

If the building principal is the subject of a complaint, the student, third party or a reporting employee shall report the incident directly to the Title IX Coordinator.

The complainant or the individual making the report may use the Discrimination/Sexual Harassment/Bullying/Hazing/Dating Violence/Retaliation Report Form, posted on the district website on the Title IX page, for purposes of reporting an incident or incidents in writing; however, verbal reports of an incident or incidents shall be accepted, documented and the procedures of this policy and the relevant documents followed.

APPENDIX B

Discrimination/Harassment (from Board Policy#103– Revised 3/3/2021) Continued

The building principal shall promptly notify the Title IX Coordinator of all reports of discrimination, Title IX sexual harassment or retaliation. The Title IX Coordinator shall promptly contact the complainant regarding the report to gather additional information as necessary, and to discuss the availability of supportive measures. The Title IX Coordinator shall consider the complainant's wishes with respect to supportive measures.

The Title IX Coordinator shall conduct an assessment to determine whether the reported circumstances are most appropriately addressed through the Discrimination Complaint Procedures, posted on the district website on the Title IX page, or if the reported circumstances meet the definition of Title IX sexual harassment and are most appropriately addressed through the Title IX Sexual Harassment Procedures and Grievance Process for Formal Complaints, posted on the district website on the Title IX page, or other Board policies.

Disciplinary Procedures When Reports Allege Title IX Sexual Harassment

When a report alleges Title IX sexual harassment, disciplinary sanctions may not be imposed until the completion of the grievance process for formal complaints outlined in Title IX Sexual Harassment Procedures and Grievance Process for Formal Complaints, posted on the district website on the Title IX page. The district shall presume that the respondent is not responsible for the alleged conduct until a determination has been made at the completion of the grievance process for formal complaints.

When an emergency removal, as described in Title IX Sexual Harassment Procedures and Grievance Process for Formal Complaints, posted on the district website on the Title IX page, is warranted to address an immediate threat to the physical health or safety of an individual, and it is not feasible to continue educational services remotely or in an alternative setting, the normal procedures for suspension and expulsion shall be conducted to accomplish the removal, including specific provisions to address a student with a disability where applicable.

When an emergency removal is not required, disciplinary sanctions shall be considered in the course of the Title IX grievance process for formal complaints. Following the issuance of the written determination and any applicable appeal, any disciplinary action specified in the written determination or appeal decision shall be implemented in accordance with the normal procedures for suspensions, expulsions or other disciplinary actions, including specific provisions to address a student with a disability where applicable.

Discipline/Placement of Student Convicted or Adjudicated of Sexual Assault

Upon notification of a conviction or adjudication of a student in this district for sexual assault against another student enrolled in this district, the district shall comply with the disciplinary or placement requirements established by state law and Board policy.

APPENDIX E ACCEPTABLE ELECTRONIC TECHNOLOGY USE (*Abbreviated Policy #815; Revised 4/18/18*)

1. **Purpose:** The Board recognizes the important role that computers, networks and other forms of technology play in a student's education and in the pursuit of the Palisades School District's educational goals. The Board, therefore, has authorized the administration to make available computing and networked information and other technology resources, such as the Internet, which may be used by students, faculty, staff, contractors, visitors, volunteers and others from this point forwards shall be referred to as "users". These resources, however, are intended to be used solely for educational purposes and/or to carry out the legitimate business of the Palisades School District.
2. **Authority:** The authorized use of district technology resources by anyone is considered a privilege which may be denied for inappropriate and/or illegal use as set forth in this and related policies and/or federal and state laws. Furthermore, violations of guidelines set forth by the school district or other improper use of these resources may result in disciplinary action in accordance with established disciplinary procedures for users.

Unauthorized use of district technology resources is expressly forbidden. Such use will result in disciplinary action in accordance with established disciplinary procedures for users and/or will be formally reported to the proper legal authorities. Exceeding one's authorization to use district technology resources is also expressly forbidden. Any attempt to access private or secure data for which a user is not authorized is both a violation of this policy and may violate state and/or federal law.

The Board expects all district technology users to be law-abiding citizens; to respect the rights of others, and to refrain from behavior which tends to impair the school district's purpose, which tends to impugn its reputation within the community and/or causes the district to incur expenses. The framework of responsible, considerate, and ethical behavior expected by the Board, as set forth in policy and guidelines, covers the use of the district's computers, networks, networked resources, software, and other district owned electronic hardware such as mobile devices, copiers, video equipment, and peripheral devices.

The electronic information available to and prepared by anyone inside or outside the district does not imply endorsement of the content by the school district, nor does the school district guarantee the accuracy of information received on the Internet or through any other technological means. The district shall not be responsible for any information that may be lost, damaged or unavailable when using the network or for any information that is retrieved via the Internet.

Policy 218, 226, 233,317:

The Board declares that computer and network use is a privilege, not a right. The district's computer and network resources are the property of the district. The school district reserves the right to log and monitor district technology use by all users. Accordingly, system users possess no privacy expectation in the contents of their personal files or messages on the school resources and/or passed through the school resources. Specifically, routine maintenance, monitoring of the system, and monitoring of user activity may lead to discovery that the user has or is violating this or other Board policies and/or the law of the United States of America or the Commonwealth of Pennsylvania. Moreover, an individual search shall be conducted if there is reasonable suspicion that a user has violated the law or the district's policies. The district shall cooperate to the extent legally required with the Internet Service Provider (ISP), local, state and federal officials in any investigation concerning or related to the misuse of the district's Internet, computers and network resources. Use of district technology resources, as well as any information obtained through these resources is at the user's own risk. The district makes no warranties of any kind, either express or implied, that the functions, services or data provided by or through the district technologies will be error-free, virus-free or without defect. Specifically, the district shall not be responsible for any damage users may suffer, including, but not limited to, loss of data or interruptions of service. The district also shall not be responsible for the accuracy or quality of information obtained through or stored on these resources. Finally, the district shall not be responsible for any financial obligation arising from the use of the district technologies. The Board requires all users to fully comply with this policy and to immediately report any violations or suspicious activities to the Superintendent or designee.

Sec.254; 47 CFR Sec.54.520: The district provides users with access to various electronic resources including a wide range of educational materials supporting the district's mission through Internet and computer online services. Palisades School District uses content filtering technology in compliance with the Children's Internet Protection Act (CIPA) and all school computers with Internet access to protect against objectionable web content. However, no web filtering technology is 100% effective. The Board directs the technology department to monitor Internet activity to ensure the effectiveness of the filtering technology, but the district makes no warranties or guarantees as to its effectiveness.

Password Protection

System security is protected through the use of passwords. Failure to adequately protect or update passwords could result in unauthorized access to personal or district files. To protect the integrity of the system, the following guidelines shall be followed:

1. Users shall not reveal their passwords to another individual;
2. Users shall not use a computer or other application that has been logged in under another user's name, or to log in to a computer with another user's credentials.
3. The Board authorizes the Superintendent or his/her designee to deny access to district technology resources to any user identified as a security risk or having a history of problems with the district or other computer systems.
4. Passwords are to be changed pursuant to district best practices which are in compliance with state mandates and the Pennsylvania Auditor General's office directives.

Privacy

There is to be no expectation of privacy when using district hosted communications systems (i.e. e-mail, hosted blogs). Fields stored on school computers or network systems are not private. The district has the right to monitor, inspect, copy, review and store at any time and without prior notice any and all usage of the computer network and Internet access including transmitted and received information. All files stored on district technology resources are property of the district and no user shall have any expectation of privacy regarding such files.

Etiquette

Users are to use school-appropriate language and graphics. Swearing, vulgarities, suggestive, obscene, belligerent, harassing, threatening or abusive language of any kind is prohibited through the use of district technology resources. District technology resources may not be utilized to create, distribute, or redistribute materials that could be considered obscene, bullying/harassing, or based on slurs or stereotypes relating to race, gender, ethnicity, nationality, religion, or sexual orientation. The district harassment and bullying policies apply to the use of district technology resources. Such resources may not be used for political campaigning/lobbying (except for student elections) or for the promotion of hate groups or hate speech. Any network user who receives threatening or unwelcome communications shall report such communications immediately to a teacher or administrator.

Employee Use

Incidental personal use of district technology is acceptable for employees so long as such use does not interfere with the employee's job duties and performance, with system operations, or other system users. **Incidental personal use** is defined as use by an individual employee for occasional personal communications not occurring during instructional time, and which is not otherwise prohibited by this policy.

Web Tools

Uses of teacher sanctioned Web tools, such as blogs, podcasts, video conferencing, online collaborations, etc., are considered an extension of the classroom. Whether at home or in school, any speech that is considered inappropriate in the classroom is also inappropriate in all uses of these Web tools. Internet access is available to students and teachers in the Palisades School District. We are very pleased to have Internet access, and firmly believe that it offers diverse and unique resources to students and teachers. Our goal in providing this service is to promote educational excellence in the District by facilitating resource sharing, innovation, and communication. Access to the Internet will enable students to explore thousands of libraries and databases from all over the globe.

With this global access comes the availability of material that may not be considered to be of an educational value in the context of a school setting. Families should be warned that some material obtained via the Internet might contain items that are illegal, defamatory, inaccurate, or potentially offensive. Palisades School District has taken precautions to restrict access to such controversial material; however, it is possible for an industrious user to discover it. Yet, we firmly believe that the benefits of Internet access far outweigh the possibility that users may procure material that is not consistent with the educational goals of the District.

The purpose of this agreement is to ensure that use of Internet resources is consistent with the District's stated mission, goals, and objectives. Smooth operation of access to the Internet relies heavily upon the proper conduct of the students and faculty. Strict guidelines are provided here so that you are aware of the responsibilities that you, as a user, are about to acquire. If a Palisades School District user violates any of these provisions, his or her account will be terminated and future access could be denied in accordance with the rules and regulations discussed with each user during Internet training sessions.

To gain access to the Internet, all students under the age of 18 must obtain parental permission. The parent and any student in grade 6 or higher must sign this document. The signatures at the end of this document are legally binding and indicate the parties who signed have read the terms and conditions carefully and understand their significance. Once signed, this form is to be returned to your child's homeroom teacher.

Terms and Conditions:

1. The purpose of Internet access is to support research and education in the Palisades School District by providing unique resources and the opportunity to perform collaborative work. The use of your account must be in support of education and research and consistent with the educational goals and objectives of the District. Use of other organization's networks or computing resources must comply with rules appropriate for that network. Transmission of any material in violation of any US or state regulation is prohibited. This includes, but is not limited to: copyrighted material, threatening or obscene material, or material protected by trade secret.
2. Users are expected to abide by generally accepted rules of network etiquette. These include (but are not limited to) the following:
 - Be polite. Do not write/send abusive messages to others.
 - Use appropriate language. Do not swear, use vulgarities, or any other inappropriate language.
 - Do not reveal your personal address/phone number, or those of others.
 - Your use of the Internet should not disrupt the use of the network by others (e.g. downloading huge files during prime time; annoying others by using the broadcast or talk functions).
3. Access is a privilege – not a right, and entails responsibility on the user's part. Based upon the acceptable use guidelines outlined in this document, the system administrators will deem what is inappropriate use and their decision is final. Also, the system administrator may close an account at any time, as required by or at the request of the administration, faculty, and/or staff of the Palisades School District.
4. Users are not permitted to use the computing resources for commercial purposes, product advertising, political lobbying, or political campaigning.
5. Users cannot transmit, receive, submit, or publish any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, offensive, or illegal material.
6. Palisades School District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The District will not be responsible for any damages you suffer. This includes loss of data resulting from delays, non-deliveries, mistaken deliveries, or service interruptions caused by its own negligence or your errors or omissions.
7. Security on any computer system is a high priority, especially when the system involves many users.
 - If you feel you can identify a security problem, you must notify the system administrator.
 - Do not demonstrate the problem to other users.
 - Do not use another individual's account. (Attempts to log into the system as any other user will result in cancellation of user privileges).
 - Any user identified as a security risk or having a history of problems with other computer systems may be denied access.
8. Vandalism of any kind will result in cancellation of privileges. Vandalism is defined as any attempt to harm or destroy data of another user, the network or any other agencies that are connected to the Internet. This includes but is not limited to, the uploading or creation of computer viruses.
9. Users must respect all copyright laws that protect software owners, artists, and writers. Plagiarism will not be tolerated.
10. All communication and information accessible via the computer resources shall be regarded as private property. However, people who operate the system may review files and messages to maintain system integrity and insure that users are using the system responsibly. Messages relating to, or in support of illegal activities may be reported to the authorities.
11. Anyone who witnesses or is aware of the inappropriate use of a computer on school property is held responsible to report the incident to a teacher, staff person, or administrator immediately.

Technology has become an essential part of education at Palisades School District. Students today have access to a wide variety of mobile computing devices outside of school that they can use for research and assignments. With many students owning mobile computing devices and frequently using these devices for their school work, the district has recognized the need to allow students to utilize their own technology in a more seamless way at school. A filtered Internet connection on a “guest” wireless network will be provided for student use. Students may wish to use portable devices such as laptops, tablets, netbooks, or phones for word processing, presentation development/delivery, as well as recording of audio and video. Students may also be able to take advantage of portable devices to participate in polls which may require texting in which case, text charges may apply. Students and parents need to be aware of several rules and requirements before a device is brought to school:

1. The student is solely responsible for any equipment that he/she brings to school. The Palisades School District is not liable for lost, stolen, damaged, or inappropriately used equipment. Students are encouraged to secure any devices in their lockers.
2. Student devices are to be used only in approved classrooms (at principal and/or teacher discretion) and with a specific educational purpose. The device should remain off and out of site in all other instances while on school grounds. Student devices may not be used to cheat on assignments or tests, or for non-instructional purposes (such as making personal phone calls and text/instant messaging). Inappropriate use of the device may result in confiscation of the device and/or disciplinary action.
3. Students are permitted to use personal devices for non-educational purposes on the school bus or when not in an instructional setting.
4. Students may not use the camera or audio recording features of any device without the prior consent of the classroom teacher. Students are not permitted to film or take photos of another student without prior consent, as this could constitute a violation of the “Media Non-Consent” form that the student’s guardian may have signed.
5. Students are not permitted to use their own cellular network to access the Internet as this is a violation of our Acceptable Electronic Technology Use Policy No. 815 and the Children’s Internet Protection Act (CIPA). Palisades School District will not be liable for any content viewed on a student’s private network. Any student involved in such an act will be subject to disciplinary action and banned from bringing personal devices to school.
6. Students should not share their personal devices with anyone.
7. Devices should come to school charged. Accommodations will not be made for charging devices during school hours.
8. The Palisades technology staff will not service any non-district owned technology, which includes troubleshooting, software or hardware issues. Students are responsible for securing their devices and making sure that they have up-to-date anti-virus software installed, if applicable. Any device found to contain viruses or malicious software will be quarantined from the Palisades network and not permitted to connect until the device is deemed to be in a healthy state.
9. The district reserves the right to monitor personal device network and Internet activity while the device is connected to a Palisades School District owned and operated network.
10. Administrators reserve the right to confiscate any technology "privately owned or school owned" when it is being used as a means that does not support a wholesome and safe educational atmosphere for our students. Students involved in such acts will be disciplined according to policy. Legal authorities will be contacted if any local, state, federal or FCC policies are broken.
11. If a student is listening to music or other applications that have an audio component, they must use headphones or earbuds unless they’ve been requested to share the audio with others by the classroom teacher. The use of headphones, or earbuds is permitted after boarding a school bus, but for student safety, headphones or earbuds are not to be used while boarding or exiting the school bus.

Notice to Parents of Children Who Reside in the Palisades School District

In compliance with state (Chapter 14) and federal law, notice is hereby given by the Palisades School District that it conducts ongoing identification activities as a part of its school program for the purpose of identifying students who may be in need to special education and related services. If your child is identified by the school district as possibly in need of such services, you will be notified of applicable procedures. Individualized services and programs are available for children who are determined to need specially designed instruction due to a disability.

If you believe that your school-age child may be in need of special education services and related programs, screening and evaluation processes designed to assess the needs of the child and his/her eligibility are available to you at no cost, upon written request. This process may include a review of functional vision, hearing, speech and language. You, as the parent, may request screening and evaluation at any time, whether or not your child is enrolled in the district's public school program. Requests for screening and multidisciplinary evaluation are to be made in writing to the principal of your child's school, or to Mr. Lou deFonteny, Director of Pupil Services, Palisades School District, 39 Thomas Free Drive, Kintnersville, PA 18930.

In compliance with state (Chapter 15) and federal law, the Palisades School District will provide to each protected handicapped student without discrimination or cost to the student or family, those related aids, services or accommodations which are needed to provide equal opportunity to participate in and obtain the benefits of the school program and extracurricular activities to the maximum extent appropriate to the student's abilities. In order to qualify as a protected handicapped student, the child must be of school age with a physical or mental disability that substantially limits or prohibits participation in or access to an aspect of the school program. These services and protections for "protected handicapped students" are distinct from those applicable to all eligible or exceptional students enrolled (or seeking enrollment) in special education programs.

For further information on the rights of parents and children, provision of services, evaluation and screening (including purpose, time, and location), and rights to due process procedures, you may contact the building principal in writing, or Mr. deFonteny, as noted above.

In compliance with state law (Chapter 16), the district provides screening and evaluation services to determine whether students are in need of enrichment and/or acceleration opportunities beyond those provided within the regular education program.

When a student is identified as Mentally Gifted, an individualized educational program plan is developed and provided at no cost to student or parent. Screening and evaluation procedures include referrals from parents or teachers, administration of a class-wide ability measure in grade 2, review of performance on standardized achievement measures, and individual assessment of academic and cognitive skills. Parents may initiate the screening or evaluation process; however, only one evaluation to determine eligibility for gifted services will be honored within a school year. Such requests are to be in writing to your child's principal.

Confidentiality: All information gathered about your child is subject to the confidentiality provisions contained in federal and state law. The district has policies and procedures in effect governing the collection, maintenance, destruction and disclosure to third parties of this information. Homeless Services

McKinney Vento Homeless Assistance Act

McKinney Vento Homeless Assistance Act (McKinney-Vento Act) is a Federal Law designed to address the needs of homeless children and ensure educational stability. Under this Act, school districts are responsible to support students/families through identification, connection to resources, and ensuring educational stability.

Homeless Definition: When a family experiences a loss of housing related to factors that create instability in housing forcing them to live in motels, hotels, camping grounds, in cars and other related **insufficient living conditions** (lack of regular fixed and adequate sleeping accommodations), they are considered homeless. Homeless youth who are not in the care of their parents or legal guardian and are not supported by a resident of a district who completes a 1302 affidavit thereby agreeing to support the student gratis (without compensation), are designated **Unaccompanied** and also meet the definition of homelessness.

Homeless Identification: School Districts begin identification of homeless students during the enrollment process. Should a parent, guardian or student believe they meet the definition to be considered Homeless under the McKinney Vento act, they should notify the registrar or school counselor. The registrar or school counselor will notify the Homeless Liaison who will reach out to support the family/student.

District Responsibilities: The LEA ensures students, families, and unaccompanied youth are aware of their McKinney-Vento rights and available program services. The LEA ensures all shelters and community homeless service providers are aware of the transportation mandate made available to those students experiencing homelessness. The LEA allows students to remain in their school of origin should a dispute arise. The LEA ensures that internal policies and/or procedures do not create or exacerbate educational barriers to the identification, enrollment and retention of students experiencing homelessness. The LEA ensures the timely and accurate identification of students experiencing homelessness. The LEA ensures the immediate enrollment of students experiencing homelessness. The LEA ensures assisting unaccompanied homeless youth with enrollment, school placement decisions, and academic supports. The LEA addresses child/family referrals to appropriate health care, dental services, and other medical services. The LEA ensures families experiencing homelessness have access to district-wide parent involvement activities and initiatives. The LEA ensures collaboration, communication and service coordination between the school, the previous school and community agencies to meet the needs of students/families experiencing homelessness.

Homeless Dispute Process: Anytime there is a disagreement that may arise regarding the education of homeless students including school placement, the district will first attempt to resolve the concern with the family/student. The district may also consult with the Bucks County Intermediate Unit Region 8 Liaison to resolve disputes. If the dispute cannot be resolved, a complaint may be filed with the Pennsylvania Department of Education (PDE). The district may also notify the family, in writing, that the PDE is being consulted to assist in the homeless determination. A written explanation of the district's decision will be provided allowing the family to dispute the determination. Throughout the dispute process, education will continue in the school last attended or in the district in which they are seeking enrollment. Access to education and services continue during the dispute process.
